SRT	MTRSRT	Special Transfer Read	Special read request used to change from one retailer to another (CHURN)	\$56.57

Prices escalated in accordance with Access Arrangement

Ancillary Non-Reference Services

B2B JOB CODE	CHARGING CODE	DESCRIPTION	LONG DESCRIPTION / COMMENT	2024/25 CHARGE (Excl.GST)
DSD	DSDMTOFF	Cut off Service in street for Debt	This may be requested by RB, or by Distributor as a matter of safety, when disconnection of supply is intended to be longer term due to non-payment of outstanding account by consumer.	Quotation
MAP	ALTMTRCU / ALTMTRQU	Alter Meter Position	To be used when a customer is requesting the relocation of an existing gas meter to a new position. The customer must be quoted the minimum standard charge inclusive of GST, "Subject to Inspection". Note, a minimum quote fee of \$88.00 will be charged where the customer decides to not proceed with the relocation.	Quotation
MRC	MRCMTOFF	Remove second meter & reconfigure outlet	Where a customer has multiple meter(s) at a premise and wishes to merge fittings line to a single meter, the code MRC is requested against each MIRN where a meter is to be removed. This will result in the removal of the meter and deregistration of corresponding MIRN. The fitting line will be consolidated from the obsolete meter(s) to ensure continued supply to all appliances at the property. The single meter will remain unchanged unless a subsequent service order is raised against the MIRN. Note:- Consolidation the fitting line is normally done by the Customer's own Plumber.	Quotation
MRF	GASMTRRF	Meter Refix	For simple installations: The MRF code is requested to refix a meter at a premise where the MIRN status is decommissioned as the result of a previous service order to remove the meter. MRF may only be requested where the MIRN status is decommissioned. MRF jobs do not require a Certificate of Compliance number or a license number, as no gas plumbing work has taken place since the gas meter was removed. The successful completion of this service order will result in: Meter physically fixed at premise. If gas plumbing work has taken place (eg: house extensions and new appliance installed) and/or the MIRN status is registered then a MFX job would be booked and the plumber who carried out the work would be required to provide for a simple installations a Certificate of Compliance to have the meter installed. If installation is Complex then a start work notice will be required. Successful completion will result in either: Meter is physically fixed at Premise or, Meter is physically fixed at Premise and left in a plugged state. "MRF" CAN ALSO BE USED WHEN A METER WAS REMOVED FOR DEBT PURPOSES AND THE RETAILER REQUESTS THE DB TO REFIX THE METER AFTER THE CUSTOMER HAS SETTLED THE DEBT. (The MIRN status would be "Decommissioned" and the Meter Status would be "No Meter". The work requested would have resulted from a previous service order MRM (for debt). Under these circumstances the work requested by the retailer will incur a charge. (The rules procedures mentioned in the first paragraph will still apply so will the MIRN and Meter Status)	Quotation
MRM	MRMMTOFF	Meter Remove	Meter removals can be performed at customers request or in situations where significant debt has been incurred and unlikely to be recovered or where a building is being demolished.	Quotation
RSD	RSDMTON	Reconnect Service in street after cut off	Used to request reconnection of gas supply, previously disconnected in the street, following satisfactory payment by consumer (or other agreed arrangement).	Quotation
RSR	RSRSALT	Relocate Service Pipe	Used to relocate the service or "Inlet" pipework. Quote fee of \$88 applies if job does not proceed	Quotation
SDR	DSDMTOFF	Service Pipe Removal	Used to request the "permanent" removal or disconnection of the service pipe from the property. This should only occur after a Service Order for MRM (Remove Meter) has been requested as the Meter should have been removed prior to the receipt of the SDR or in conjunction with the SDR Request. (Two separate Service Orders)	Quotation
USR	USRSALT	Upgrade Service Request	Used when the increased gas load requires a larger capacity of service line to be installed. For Business Customers - Requires shipper form to be completed. Similar process to new connections.	Quotation
